

Company Overview

Transforming play spaces since 2004, Kinetic Recreation has been a trusted partner in delivering high-quality playground equipment and safety surfacing to communities across the Midwest for over 20 years. Recognizing the vital role of play in child development, we are committed to providing innovative and inclusive play solutions that spark imagination, encourage physical activity, and help children of all ages and abilities reach their full potential.

Kinetic Recreation offers a comprehensive range of products to create the perfect play environment, including **outdoor playground equipment, safety surfacing, site amenities, shades, dog park equipment, and more.**

Serving a diverse range of clientele including schools, parks, churches, daycares, and residential communities, we tailor every project to meet the unique needs of each client. Whether you're looking to create a dynamic play space for a public park or a safe and engaging area for a daycare center, Kinetic Recreation has the expertise and resources to bring your vision to life.

With offices in Ohio, Indiana, and Michigan, we are strategically positioned to efficiently serve our clients throughout every stage of the design, planning, and installation process. Our experienced team works closely with you—from initial consultation and site assessment to final installation and maintenance guidance—ensuring a seamless and stress-free experience. To uphold the highest safety standards, we have Certified Playground Safety Inspectors (CPSI) on staff, ensuring that all designs meet and exceed ASTM and CPSC regulations for public playground safety. At Kinetic Recreation, children's safety is our top priority.
